

Roundtable on

Next Steps in Solid Waste Management in Gurugram

21 December, 2017; SOIL Campus, First Floor, Opposite HSBC Office, Plot No 76, Sector 44, Gurugram

In the Swachh Sarvekshan 2017 conducted under Swachh Bharat Abhiyan, Gurugram has showed some progress. In 2015, the city was ranked 466 out of 476 cities; in 2016, it had ranked 36 out of 73 cities; and in 2017 it had ranked 112 out of 434 cities covered under the survey.

There is still a long road for the city that still witnesses widespread waste burning, open waste dumping and minimal waste segregation. The Bandhwari site still needs a lot of intervention to control the leachate and moving to scientific waste disposal.

The Haryana government has appointed Ecogreen Energy for implementing its flagship Integrated Solid Waste Management project for Faridabad and Gurugram.

There needs to be an open dialogue and general awareness on what is the way forward with all the stakeholders of the city. **Mr V Umashankar, Commissioner, Municipal Corporation of Gurugram** along with **Mr Ankit Aggarwal, CEO, Ecogreen Energy** have agreed to be with us on **December 21, 2017** to give us a future roadmap and direction. Gurgaon First is conducting this Roundtable with select NGOs, social activists and waste experts to facilitate this dialogue and discussion.

Kindly note the date, time and venue:

Date: December 21, 2017
Time: 10:30 AM - 12:30 PM
Venue: Board Room, SM Sehgal Foundation, Plot no 34, Sector 44, Gurugram

There is no registration fee to attend the program. This is a personal invite to you to attend the meeting. To confirm your attendance, please send us a confirmatory mail on teamgurgaonfirst@gmail.com marking "attending December 21 meeting".

Look forward to seeing you
